SPEAKING TOPICS

The Road to Beautiful: Embracing God's purpose for your life in difficult situations

Come with Tope on an adventure like no other. This exciting journey marked by detours, landslides, potholes and other attractions leads to a place where you embrace God's perspective and know that His plans for you are good no matter the situation. She illustrates with stories of biblical characters and personal experience to show that trials are a bridge to a deeper relationship with God. Participants will gain a deeper understanding that only God can fulfill their deepest desires.

Who am I? Holding fast to who He is while discovering who you are

He sees you. He loves you. He knows you intimately even to the smallest detail. You are always on His mind and never far from His thoughts. He pursues you relentlessly. To Him, you are a masterpiece, a beautiful crown of splendor, redeemed and no longer deserted. He calls you by a new name. In this session, Tope shares what it means to belong to Christ, who you are and how that affects the way you live. Women will come away encouraged to open their gifts daily and confidently claim the spiritual blessings that are already theirs in Christ Jesus.

Becoming a woman of influence

God is very good at positioning people to make a difference. Ruth and Elizabeth are examples of women who made a difference in the lives of others. Drawing on these biblical characters and personal experience Tope will explore what it is like to be a woman of influence through coaching and mentoring. Women will gain insights on how to influence others by being authentic and by doing life together.

The art of effective negotiation: Asking for what you want

Are you comfortable asking for what you want? Do you feel frustrated when it comes to asking for what you really need? Does fear hold you back? In Bible times, women's rights were very limited compared to our modern world. Through the Biblical example of the daughters of Zelophehad, participants will gain insights on how to negotiate for their needs. Let these sisters show you how to challenge the status quo and look for equitable solutions.

TESTIMONIALS

“With a blend of tenderness and power, Tope speaks truth while offering encouragement. She doesn’t dance around the difficult. Instead, Tope addresses the trials of life that listeners relate to—such as rejection, bitterness, and longing for love—through vulnerable personal anecdotes that resonate with her audience. She follows these with illustrations from Scripture. Tope points to Jesus. She shows how to apply deep truth to daily life. She holds out hope. As a bonus, Tope’s Nigerian accent, which is easy to understand and beautiful to listen to, captivates listeners’ ears. Be prepared to be moved by Tope’s words. Expect to be touched at the core of your heart.”
